

PLACEMAKING SERVICES FOR

# DEVELOPERS & PRIVATE SECTOR

## WHO WE ARE

Graham Projects is a Baltimore-based design-build firm making cities more inclusive and livable through public art, placemaking, and civic engagement. Our team of artists, designers, and builders bring imaginative projects to life; turning developments into vibrant and memorable destinations. Our community driven design process builds goodwill, strengthens neighborhood ties, and helps meet community benefit goals. Our custom placemaking and artistic elements

can also enhance development branding and increase sales and visibility. Infusing our art and placemaking into your developments will boost profitability by creating a unique sense of place for customers, residents, and leaseholders. Graham Projects can serve as a design or planning consultant, installation partner, or lead your project from start to finish.
