

## PUBLIC ART & PLACEMAKING SERVICES FOR **GENERAL CONTRACTORS**

### WHO WE ARE

Graham Projects is a Baltimore-based design-build firm making cities more inclusive and livable through public art, placemaking, and civic engagement. We are a nationally recognized leader in the design and installation of durable and sustainable pavement artworks.

Graham Projects can fabricate, procure, and construct placemaking features and wall

murals with our multi-talented team of artists and builders. We are experienced with project management systems like BuildingConnected and wage scale project documentation. We also offer long-term placemaking maintenance and repair services to keep spaces looking fresh.
