

PUBLIC ART & PLACEMAKING SERVICES FOR

NON-PROFITS & COMMUNITY ORGANIZATIONS

WHO WE ARE

Graham Projects is a Baltimore-based design-build studio making cities more inclusive and livable through public art, placemaking, and civic engagement. Through a collaborative, community-driven design process, we work with communities on advancing neighborhood projects from public input and visioning to permitting and construction. Our team has extensive experience engaging diverse stakeholders and coordinating with city

agencies to design, fabricate, and install high-quality creative public space improvements. We're experienced at working within limited budgets, to create beautiful, safe, and welcoming public spaces that reflect community values. We also provide ongoing placemaking maintenance services to keep your projects looking fresh over time.

OUR CREATIVE PROCESS

SERVICES FOR NON-PROFITS & COMMUNITY ORGANIZATIONS

- Creative community engagement activities like pop-up events, participatory drawings, attractive online surveys, neighborhood walks, and playful model building
- Fabrication, sourcing, and installation of durable urban furnishings, including planters, benches, shade structures, bike racks, and lighting
- Community-based wayfinding and signage
- Placemaking repairs and maintenance

Graham Projects is a licensed and insured general contractor and design firm.
